Aboriginal Didgeridoos

About our Aboriginal Hardwood Didgeridoos - The aboriginal artifacts you see on these pages are authentic hand-crafted, handpainted pieces that vary in size and design. Our didgeridoos are termite hollowed and range from 4-5 feet; no two pieces are the same. Each didgeridoo is keyed and prices vary with the length and designs. The designs change every six months. Its distinctive sound can be heard in rock bands, Celtic groups, new age recording, movies and television commercials. Our authentic didgeridoos have the tone and depth, with brilliant resonance for any artist. We also stock bamboo didgeridoos for the novice 3'-4' and decorative pieces 16" to 28"
